 My Portfolio

PROFILE

A confident and motivated individual with a professional demeanor and strong attention to detail. Known for a calm and positive attitude, excellent communication skills, and the ability to adapt quickly in dynamic environments. Demonstrates a high level of responsibility, teamwork, and problem-solving ability, with a commitment to delivering quality results. Well-presented and self-driven, with a focus on continuous learning and personal growth, aiming to contribute effectively to organizational success.

EDUCATION

BSc (Hons) in Software Engineering	2023–present
Sabaragamuwa University of Sri Lanka, 3rd Year	
G.C.E. Advanced Level Examination – Physical Science Stream	2022
H/Middeniya National School	

TECHNICAL AND LEADERSHIP EXPERIENCE

Committee Member and The batch representative	2023–Present
(Society of Computer Science– Sabaragamuwa University of Sri Lanka.)	
Actively contributed as a Committee Member and Batch Representative in the Society of Computer Science, gaining practical experience in organizational coordination, event planning, and student engagement. Developed strong leadership and communication skills while representing peers, addressing academic concerns, and facilitating effective collaboration between students and faculty.	
Team Leader (DevLeap) Innovate with Ballerina Coding Challenge	2025
(Society of Computer Science– Sabaragamuwa University of Sri Lanka.)	
Actively contributed as a Committee Member and Batch Representative in the Society of Computer Science, gaining practical experience in organizational coordination, event planning, and student engagement. Developed strong leadership and communication skills while representing peers, addressing academic concerns, and facilitating effective collaboration between students and faculty.	

Team Leader – Hackventure Competition (Semifinalist)

2024

Led a team throughout the Hackventure competition from ideation to solution development and successfully reached the semifinal stage. Coordinated team activities, delegated tasks, supported decision-making, and contributed to problem-solving under time constraints. Strengthened leadership, communication, teamwork, project coordination, and technical collaboration skills while working in a competitive innovation environment.

Team Leader – University Community Project (Bursary Management System)

2026

Led the development and coordination of the University Community Project focused on designing and implementing a Bursary Management System. Managed team collaboration, task allocation, and project progress while ensuring effective communication among members. Contributed to planning, problem solving, requirement analysis, and delivering project objectives within deadlines. Strengthened leadership, teamwork, decision-making, and project management skills through practical software development experience.

PROJECTS

ConfidFace – AI Mock Interview Platform (Group)

2025

Developed a full-stack AI-powered mock interview platform that simulates real-time interview experiences using streaming avatars and intelligent question generation. The system enables users to practice interviews interactively, receive automated feedback, and improve communication skills through a realistic and scalable environment.

Tech Stack: Next.js, React.js, Convex, n8n, Clerk Authentication, ArcJet, Akool Streaming Avatar

Contribution: Led UI design with Figma, implemented front-end authentication, supported backend development, and conducted module and system testing.

Community Project –SmartBursary System – Student Management Platform (Group)

 2026

Developing a web-based bursary management system for Sabaragamuwa University of Sri Lanka to streamline student bursary applications, data management, and administrative workflows.

Contributed to UI/UX design, frontend development, and backend functionality to improve accessibility and operational efficiency for students and staff.

Tech Stack: Next.js, Express.js, Tailwind CSS, Figma, MySQL, Redux.

Contribution: Designed UI/UX using Figma and contributed to front-end development, backend modules, and system functionality.

Test Pilot–AI Testing Automation Platform (Individual)

Ongoing

Developed an AI-powered automated testing platform that integrates with GitHub repositories to generate test cases, create Playwright style scripts, and execute tests in real-time cloud browsers. Implemented responsive UI components and contributed to automation workflow integration for efficient software testing.

Tech Stack: Next.js, TypeScript, Node.js, Browserbase, Neon DB, Drizzle ORM, GitHub API, AI Integration.

Developed an AI-powered automated testing platform that integrates with GitHub repositories to generate test cases, create Playwright-style scripts, and execute tests in real-time cloud browsers. Implemented responsive UI components and contributed to automation workflow integration for efficient software testing.

Tech Stack: Next.js, TypeScript, Node.js, Browserbase, Neon DB, Drizzle ORM, GitHub API, AI Integration.

TECHNICAL SKILLS

- **Programming languages:** Java, JavaScript, TypeScript, Python, HTML, CSS
- **Frameworks and Libraries:** ReactJS, Next.js, Node.js, Express.js, SpringBoot, Tailwind CSS,
- **Databases:** MySQL, MongoDB, PostgreSQL, Supabase
- **Technologies and Tools:** Git, GitHub, Postman, Visual Studio Code, IntelliJ IDEA, XAMPP, Figma, Canva

SOFT SKILLS

- | | | | |
|------------------------|-------------------|----------------------|----------------|
| • Communication Skills | • Self Learning | • Project Management | • Adaptability |
| • Team work | • Problem Solving | • Time Management | • Presenting |

CERTIFICATIONS

- Appreciation of work Committee Member –Society of Computer Science, SUSL(2024–2025) 
- Team Leader – Hackventure 2024 (Team Hack Bridge), AIESEC (2024) 
- AI/ML Toolkits with Kubeflow, The Linux Foundation (2025) 
- Participant – IX24 Inter–University Designathon, IEEE (2024) 
- Participant – AlgoXplore, NSBM Green University (2024) 
- AWS Certified AI Practitioner (Course) – KodeKloud (2026) 
- Participant–Innovate with Ballerina Coding Challenge, WSO2 

VOLUNTERING EXPERIENCE

- **IEEEExtreme Team member** – PearlHack 3.0, Sabaragamuwa University of Sri Lanka.
- **Knowledge Team Leader** – Hope 2.0, IEEE WIE Student Branch Affinity Group, Sabaragamuwa University of Sri Lanka.
- **Conference Volunteer** – 9th Interdisciplinary Conference of Management Researchers (ICMR 2024), Sabaragamuwa University of Sri Lanka.
